## OUR NEW DESIGNS OF FRAMES SPECIALLY MANUFACTURED FOR OUR CRAYON PORTRAITS.

---

**T**HE following cuts represent eleven different styles and patterns of Frames selected with great care, and specially adapted for our Crayon Portraits. They are all hand-made, and well put together. We can guarantee them to our patrons as being first-class, and well worth the money asked for them. We know that there are cheaper Frames in the market, but they are of inferior quality, and would not give satisfaction.

A Good Article is Always the Cheapest in the End.

A Frame is an article that you are not buying every day, and therefore you want to bear in mind that a first-class Frame will be an ornament as well as a useful article to have in your parlor. In ordering your Frame, please select the best one you can afford, as our Portraits are worthy of the highest priced Frames. Remember that you are not to pay out one penny until you are perfectly satisfied with your bargain, as you are sure to be. The Crayon Portrait we will make for you, when framed and complete, will be about 26x30 inches. Every Frame is fitted with a genuine French Glass.

You need not be afraid to order a Frame for your Crayon Portrait before you see it, as both Portrait and Frame will be sent by express for your special examination and approval, and if they are not as represented you need not take them nor pay a penny for same.

Do not delay in sending your orders for Frames, so that your Portrait may reach you in good time.

 Parties who do not care to have a plush band in their Frames can be accommodated by putting something else in the shape of a gilt band, by notifying us of this fact.

The following prices include all expenses, such as glass, boxing, and packing.

This Frame can be finished in gold gilt, bronze, or all silver. Price in either color, \$8.50. The cut represents a gold gilt Frame. In ordering, please state if gilt, bronze or silver is wanted.

**No. 504.** This is a superb and delicate Florentine Frame, finished in all gilt and solid gold burnishing; it is of a deep and receding pattern, and very beautiful. It is made of 5½-inch moulding, including one inch of silk plush, and one inch of beading. Outside measurement of this Frame is about 27x31 inches. Price complete, \$11.50. We highly recommend this Frame to our patrons as being the finest Frame for the price in the market.
